U9 T3 (1)						
U9 T4 (1)						
U10 T1 (1)						
U10 T2 (2)			Nate: 2			
U10 T3 (2)						

Actual Burndown Chart

Remarks:
- Overall a very rough week for the team, not much has been completed compared to what we have planned originally
- Even more dependency issues arose, most likely gonna have to add some user stories and tasks just to reorganize everything again
